

SHORTCUT DIRECTIONS TO CAMP AGAPÉ  
FROM POINTS EAST OR SOUTH USING I-40 WEST

Disclaimer—these directions take you through country roads for most of the trip once you leave I-40. If you are not comfortable with this, follow the directions entitled, “DIRECTIONS TO CAMP AGAPÉ FROM THE EAST OR SOUTH USING I-40W”

In general, any directions have potential to be confusing for many people, especially to a place well secluded from the bustle of traffic and city roads. In order for directions to be effective, you must trust in them and not second-guess what is written. If you follow our written directions exactly (especially where exact distances are underlined), you should arrive without getting lost along the way.

Turn LEFT at the top of the exit ramp. (heading away from Smithfield)
